

infinite embrace

am c em am
all is lost but for mercy - i'm desperate for your grace in me
f c em f
'cause i have done much to defy - i have denied i even know you
am c em am
and so i cry out to you God you are so lovely and i am not
f c em f
but you alone clean up my mess and make a way for us to be together

am f c g
Father hold me in your infinite embrace

am c em am
you assured me you loved me so - one of your children you hold me close
f c em f
you cast away my fear afar - secured my life with your all powerful arm

am f c em
all i have is you - all i have is you
